SLIMLINE

The Slimline range features a sleek, compact design that dispenses an endless supply of high quality drinking water at the touch of a button.

Ultimate convenience

The Slimline range of on bench units is considered to be amongst the most compact water coolers of their type on the market in Australia. With the option of sparkling water, it is truly the ultimate experience.

Simple operation

The Slimline range is easy to use via simple press-button operation interface making dispensing simple and easy.

Versatile use

The compact Slimline range makes it ideal for use in the home, office, business lunchroom or boardroom, and café areas.

Safety features

Total hygiene is a priority and, for this reason, only certified food contact materials are used for all components in contact with liquid and great care is taken in assembling each product. This eliminates the risk of contamination and allows for easy cleaning and maintenance.

Special finishes

The Slimline range features a stainless steel removable drip tray with white gloss moulding and is designed to accommodate glassed and small water carafes.
